

At Xylem, we help utilities increase visibility and control across the grid. By using a network that reaches the entire distribution system, meters, and beyond, utilities can connect to new assets and realize ...

Bulgaria has struggled with its energy efficiency obligation scheme, but new projects, such as smart meters, digital transformation, and electric vehicle charging stations, are expected to ...

Sigenergy has deployed a 10 MW/20 MWh battery energy storage system (BESS) at a solar site in Malko Tarnovo, Bulgaria, using 240 kWh battery stacks typically found in residential ...

It allows for the integration of more solar, wind and distributed energy resources, and increases the capacity factor of existing plants to avoid the need for new thermal generation.

Earlier this month, PGE, which is a retail utility as well as a public power generator, also launched what the company claimed is Europe's largest tender for distributed energy storage ...

Bulgaria's power sector is diverse and well developed, with universal access to the grid and numerous cross-border connections in neighboring countries. A key driver of the Bulgarian ...

Transformation of AES Galabovo into a large-scale energy storage facility using proven technology implemented in concentrated solar power plants (CSP) using molten salts

storage is hindering Bulgaria in the development of an energy storage market. Furthermore, Bulgaria's energy legislation and grid codes have been historically written with thermal plants in mind, ...

The latest white paper, prepared by Fluence in collaboration with APSTE, examines the current state of the Bulgarian energy market and the potential for energy storage applications to revolutionise the ...

Bulgaria needs to modernise and digitalise the power grid to support flexibility and cross-border trade. The government should also unlock the vast onshore and offshore wind potential ...

Earlier this month, PGE, which is a retail utility as well as a public power generator, also launched what the company claimed is Europe's largest ...
