

The EG4 LL Lithium Battery (V2) delivers 12V and 400Ah of advanced LiFePO4 storage, making it ideal for server racks and backup systems. Enjoy reliable, long-lasting power and efficiency.

The EG4-LL Battery is designed for parallel connection with up to 16 batteries, providing scalability for projects of various sizes. Unleash up to 81.9kWh of power while maintaining efficient BMS ...

Want a cost effective, reliable lithium battery for solar? Try the EG4-LL 48V-100AH solar battery. Rigorously tested, it worked flawlessly for 15 years.

This battery is engineered to provide reliable backup power and energy storage while supporting year-round operation in varying environmental conditions. Operating at a nominal 48 volts with a 314 amp ...

Composed of (16) UL listed prismatic 3.2V cells which have been tested at 7,000 deep discharge cycles to 80% DoD - fully charge and discharge this battery daily for over 15 years without ...

When we first tested the EG4 LL-S Lithium Battery 48V 100Ah Server Rack Battery, it quickly became our benchmark for what a solid solar battery should look like. It offered great performance, smart ...

Composed of (16) UL listed prismatic 3.2V cells in series which have been tested at 7,000 deep discharge cycles to 80% DoD - fully charge and discharge this battery daily for over 15 years without ...

Comprehensive EG4 battery guide covering all models, specifications, performance testing, and buying advice. Compare LifePower4, WallMount & LL-S series.

Discover the EG4 LL 48V battery: a 100Ah Lithium Iron Phosphate power source with UL1973 certification, 7000+ cycles, and a 15-year lifespan for unmatched performance.

The EG4 LL-S 48V 100AH Lithium Iron Phosphate Battery offers exceptional performance and longevity, providing a lifespan of over 15 years and over 6000 cycles at 80% depth of discharge (DOD).
