Overview  
Plugging in Your Power Bank  
Letting the Power Bank Charge  
Ensuring Efficiency  
Check your manufacturer's instructions for an estimate of charging time. You should not leave your power bank charging longer than necessary. Your manufacturer's instructions should let you know roughly how long it will take to charge. Most power banks charge within 1-2 hours. Disconnect the charger as soon as it's fully charged. Check the charger periodically as it's plugged in. As soon as all the LED lights are on, unplug the charger. Your power bank's lights may also blink on and off until it's fully charged, at which point the light will stay lit. See more on wikihow  
cygnett How long should it take to charge my power bank?
