

Niger Imperial Motors (NIMO) et Huawei-Niger ont officiellement lancé, le 25 juin 2025 au Centre Mahatma Gandhi de Niamey, la distribution d'un système intelligent de stockage d'énergie.

Apr 5, 2025 &#183; Huawei Nigeria Digital Power has unveiled the first commercial and industrial hybrid air and liquid cooling energy storage system in the world, the LUNA2000-215 Series.

Under the agreement, Huawei Digital Power will provide a complete smart PV & energy storage system (ESS) solution for the 1 GW utility-scale PV plant and 500 MWh ESS project developed by Meinergy in Ghana. [pdf]

Huawei Nigeria Digital Power has introduced the LUNA2000-215 Series, a new commercial and industrial (C& I) energy storage system (ESS) that combines air and liquid cooling technology.

Huawei has unveiled its latest energy storage solution, LUNA 2000-215 Series, which targets Nigeria's commercial and industrial (CNI) market with innovative technology to tackle energy...

Feature highlights: This 220V Portable Mobile Digital Power Supply is designed for outdoor emergency energy storage, featuring a lithium battery with a capacity range of 252WH-756WH and power options from 300W to ...

The Nigerian government has commissioned a 300KWp solar PV pilot project that includes a Battery Energy Storage System (BESS) in Niger State as part of the country's renewable energy plan.

Ce partenariat stratégique vise &#224; offrir &#224; la population nigérienne des solutions de stockage d'énergie de dernière génération, alliant efficacité, durabilité, sécurité et gestion intelligente.

With this latest innovation, Huawei continues to push the boundaries of energy storage, offering businesses in Nigeria and across Sub-Saharan Africa a cost-effective and intelligent power solution.

Huawei Nigeria Digital Power has introduced an innovative product, the LUNA2000-215 Series, the world's first hybrid air and liquid cooling commercial and industrial energy storage solution.
