

We develop battery modules, racks and energy storage systems designed to power industrial applications across challenging sectors, including construction, maritime, defence, and grid systems.

As a global and innovative Smart PV and energy storage solution provider, we are honored to invite you to join us at one of the flagship events of the year, Energy Storage Summit Europe 2024 on 24-25 ...

Sofia Energy Storage Projects: Powering the Future of Renewable Energy Located in strategic regions across Europe, these projects are rewriting the rules of energy management with enough storage ...

Improve energy storage system efficiency with enhanced safety and optimal performance.

Sofia 2025 Energy Storage Project Signed on July 28, 2025, in Sofia, the deal marks a major step in energy transition for Southeastern Europe, combining SUNOTEC's expertise in solar infrastructure ...

The world's first intelligent grid-forming photovoltaic and energy storage power station, tailored for ultra-high altitudes, low-temperatures and weak-grid scenarios, has been connected to the grid in Ngari ...

As global demand for grid stability grows, compressed air energy storage (CAES) projects like Sofia are reshaping renewable energy markets. This article explores bidding strategies, market trends, and ...

The successful commissioning of Cambodia's first T&V S&D-certified grid-forming energy storage project by Huawei and SchweiTec marks a landmark achievement in sustainable energy.

Huawei and Precise System and Project Co., Ltd. signed an MoU to deepen their strategic cooperation in researching and constructing #smartgrid and intelligent energy solutions in the energy sector.

Located in the Dedza district of Malawi near the town of Golomoti, the 20MWac solar PV and 5MW/10MWh energy storage project is set to become a leading project in sub-Saharan Africa in ...
