

Uzbekistan has made a positive effort toward that end, including by setting clear targets and reforming the energy sector and has been progressing toward achieving the solar power capacity target of 4 ...

As of December 1, 2025, Uzbekistan has installed small-power solar panels with a total capacity of 1,971 MW across 141,221 facilities nationwide, marking a step in the country's transition to renewable ...

The project was developed by Abu Dhabi-based Masdar. It pairs a 250 MW solar PV array with a 63 MW/126 MWh battery energy storage system (BESS). The Nur Bukhara project also ...

As of now, four hydropower plants under the "Uzbekhydroenergo" joint-stock company, with a total capacity of 962.4 MW, are registered in the international I-REC system. The solar power ...

Developed by the international renewable energy company Voltalia, this 126-megawatt project is a cornerstone of Uzbekistan's strategy to expand its green energy capacity. The Sarimay ...

Uzbekistan is rapidly becoming a solar energy leader in Central Asia, with strong support from the government, international development banks, and the private sector.

This article will delve into the latest statistics on solar energy development in Uzbekistan, reviewing the key achievements of 2024 and outlining the ambitious plans set for 2025 and beyond.

OverviewPotentialGovernment PoliciesPhotovoltaicsResearch and developmentUzbekistan has great potential for solar energy due to its high levels of solar radiation and large areas of barren land that can be used for solar power plants. The country receives an average of around 300 sunny days per year, making it an ideal location for solar power generation.

ASTANA -- Uzbek President Shavkat Mirziyoyev inaugurated the Nur Bukhara project, the country's first utility-scale integrated solar and battery project, developed by Abu Dhabi Future ...

The World Bank Group, Abu Dhabi Future Energy Company PJSC, and the Government of Uzbekistan have signed a financial package to fund a 250-megawatt solar photovoltaic plant with a ...
