

Discover the best portable science labs for outdoor learning! From digital microscopes to water testing kits, explore our top picks for hands-on field experiments and natural discovery.

One such innovation is the rise of container-based laboratories, which are portable, self-sustaining environments for scientific research. These modular labs are transforming how researchers ...

What makes Mobile Solar Containers ideal for field applications? Their compact design, rugged construction, and integrated power management systems enable easy transport and setup in challenging environments ...

The semi-mobile solar solution for your 6 months to 10 years projects. The Mobil-Grid™ is an ISO-standard, CSC-approved maritime container that integrates a photovoltaic power plant, ready to be deployed and ...

At TLS Offshore Containers, we understand that your project's success depends on the reliability of your equipment. That's why we are dedicated to providing the best-in-class portable laboratory containers ...

Built for longevity, the SolaraBox solar container is built to withstand harsh environmental conditions and ensure a reliable power supply. The SolaraBox mobile solar container is a portable solar power plant that delivers ...

Learn what makes solar containers truly weather-resistant, from panel durability to battery protection, and how to choose the right system for harsh environments.

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail system and no shading ...

With scalable solar capacity of 30-200kW and battery storage options from 50-500KWh, Solarfold(TM) provides reliable power wherever you need it - from remote construction sites to disaster relief operations.

You supply the container, RPS will hook you up with the solar panels, no-weld top of container racking system and Watersecure. Our all-in-one WaterSecure kit transforms your shipping container into a functioning off ...
