

We design and install solar solutions specific for Wellington City, Wairarapa and Kapiti Coast. Wiretec Electrical are your trusted local experts in solar installation, providing top-quality products and ...

IPKIS offers essential PV grid-connected cabinets. They separate solar generation from the grid, supporting measurement and protection.

This Outdoor Telecom and Solar Electrical Enclosure is designed to house and protect communication equipment, solar controllers, inverters, batteries, and electrical distribution systems in one integrated ...

Built with robust insulation and high-quality components, it supports various grid connection schemes and complies with international standards, making it ideal for residential, commercial, and utility-scale ...

Discover how a grid-connected photovoltaic inverter and battery system enhances telecom cabinet efficiency, reduces costs, and supports eco-friendly operations.

The Wellington charging inverter acts like a smartphone upgrade - suddenly your solar panels, batteries, and grid power actually talk to each other. A recent case study in Texas showed a 20% ...

With this solar-powered solution, telecom operators can reduce their reliance on the grid and ensure uninterrupted communication services even in remote areas. This telecom cabinet is equipped with a ...

HLBWG Photovoltaic Grid-Connected Cabinet It can be used in solar photovoltaic power generation systems, and can also be used to convert, distribute and control electrical energy between ...

They transform solar-sourced DC into AC and store unused energy in high-performance battery packs, providing clean, renewable backup energy to mission-critical telecom equipment.
